

## PRODUCT INFORMATION

This 3-tier food service cart is designed for efficient meal delivery in restaurants and hotels, constructed from durable plastic with a long service life. Its compact design ensures easy maneuverability while the electric heating system maintains food temperature effectively. The reliable power source and high operational efficiency make it ideal for commercial use.

Brand	JD
Item Code	JD-UC331
Material	Palstic
Size	101x53x95cm
Weight:	18.5kg
Loading Capacity	70kg/layer
Material of Wheel	TPR
